

Dr. Samuel Johnson
(1709-1784)

To call him a mere writer would be to belittle him. Indeed, his contribution to literature has not just given a positive direction to men of letters but also revolutionised social thinking. It is to him that we dedicate our efforts to educate the next generation in a manner that he would certainly approve.

JGS.... His Dream...

Late Shri **S.R.N. Mudiraj**
Founder & Chairman
1930-2003

Johnson Grammar School was established in the year 1979 by Shri.S.R.N. Mudiraj, Founder and Chairman of Johnson Group of Educational Institutions. He was an eminent educationist, a doyen among the luminaries.

His firm faith that, "Excellence is the result of high intension, sincere effort, intelligent direction and skilful execution", proved to be his unique vision.

An inspiring teacher, an unparalleled mentor with foresight and single minded dedication set out to make a difference in the educational scenario of the twin cities. He established Johnson Grammar School as a co-educational school at Nacharam and Habsiguda. A branch at Vanasthalipuram is an added feather in the cap.

In our pursuit to perfection and 'Raise the Standards', we are committed with involvement and perseverance.

“

A pragmatic teacher with a vision into the future - see the world of tomorrow into which children of today must fit

“We do not learn from experience,
we learn from reflecting on
experience”.

Our seamless collaboration of parents, school and students aims at Life skill based experiential learning that will bring out the unique capabilities of the students. Our students are always guided to “ ‘Do and Learn’, ‘Involve and Evolve’, so that their innate talents are exhibited.

We create a spectrum of unlimited challenges to our students by nourishing the social, emotional and thinking skills. The art of lifelong learning is inculcated through discipline, perseverance and determination to make our students resourceful and globally ready citizens.

“

“Tell me and I forget
Teach me and I remember
Involve me and I learn”.

“The capacity to learn is a gift,
the ability to learn is a skill,
the willingness to learn is a choice”.

The four houses Ruby, Emerald, Sapphire and Diamond create a sense of spirit of belonging across the school as students of each class are divided among the four houses. Inter-House competitions are regularly conducted to nurture collaboration, creativity, communication skills through the competitive programmes. The crowning glory is the Annual Trophy given to the top scorers in the continuous record of events.

Art and craft classes, hobby classes - chess, karate, skating, gymnastics, yoga, music, dance and training in the art of dramatics are merged with Academics. The synergy of Interdisciplinary learning develops multiple skills

“

“The Future belongs
to those who learn
more skills and combine
them in creative ways”.

“Best practices was yesterday
Best thinking is in demand today
and tomorrow”

Our pedagogical practices are. ‘Learner centric, Teachers as facilitators ensure an atmosphere for students to feel free to ask questions. Teachers inspire, enrich, act as mentors and empower the students. Active interactive learning with a focus on reflections help the students to connect to the real world around them. Our holistic pedagogy skilfully interweaves mind and brain, hand and heart.

We ensure joyful learning at all levels, from Pre-primary to Class-X with innovative teaching methodologies. Our facilitators are empowered with continuous professional development programmes to effectively mentor the students. Students rejoice the joy of learning through the five ‘E’s - Explore, Engage, Explain, Elaborate and Evaluate.

(7)

“

“It is the supreme art of the teacher to awaken joy in creative expression and knowledge”.

”

(8)

“The spirit, the will to win and the will to excel are the things that endure”.

Sports and physical education in our school provide strong motivation for the steadfast goal of good health and fitness. Students develop a keen sense true sportsmanship. They learn the techniques necessary to become brilliant performers. Competitions in different sports activities channelise the innate passion. Our ever alert facilitators, ‘Spot the talents’, and encourage them to concentrate and excel. The commitment of our expert sports trainers is visible through the participation of our students in the Inter-house, Inter-school, State and National level competitions. Their victories resonate in the sports hall of fame of our school. Students play cricket, volleyball, basketball and many more team and individual games. Allotment of sports and physical education classes in the regular timetable fascinates each student as they help to unleash their energy.

“

“Sports ideally teach discipline and commitment. It has the power to change the world.

”

“We should know that the greatest task of the Institution is to provide for the education of the mind and all the senses through various activities”.

Our school curriculum is designed with the core subjects of languages, mathematics, science and social studies. The scholastic subjects are integrated with co-scholastic subjects of Art and Craft, value education with an intense mark on health and wellness through a plethora of sports activities. Health and physical education are intrinsic aspects of physical and mental wellbeing.

Students as active, experiential learners are motivated with interdisciplinary and multidisciplinary learning techniques. The synthesis through collaborative approach promote critical thinking, communication, creativity and effective study skills.

“

“The only skill that will be important in the 21st century is the skill of learning new skills”.

”

(10)

“All our dreams can come true -
if we have the courage to pursue them”

In the process of developing the competencies, we create self-awareness to explore the leadership skills. The schedule of the school day reflects the amalgamation of competitive activities, peer and team learning, blending of skills, aesthetic and performing arts in tune with the scholastics.

We imbibe the inevitable technical skills through blended and hybrid learning. Values and Ethics are inculcated to attain the all-round growth of the students.

“

“We can teach a student a lesson for a day, but if we can teach to learn by creating curiosity, the student will continue the learning process as long as he lives”.
