Teachers' Day

Teachers' Day was celebrated with great enthusiasm and gratitude by the Johnsonians, honouring the invaluable contributions of our educators. The event was filled with heartfelt moments, as students expressed their admiration through speeches, cultural performances, and creative tributes.

The celebrations highlighted the pivotal role teachers play in shaping young minds and inspiring growth. Students organized engaging activities and presented thoughtful tokens of appreciation to their mentors. The day served as a reminder of the deep bond shared between teachers and students, fostering an atmosphere of respect and admiration.

It was a memorable occasion, celebrating the guiding lights who make learning a joyous journey.

Visit to NGRI by Johnsonians

Johnsonians had an enriching experience during their visit to the National Geophysical Research Institute (NGRI). The educational trip aimed to expose students to cutting-edge research and innovations in earth sciences.

The students were guided through various laboratories and research facilities, where they learned about seismic studies, groundwater exploration, and environmental sustainability. Engaging sessions with scientists provided insights into real-world applications of geophysics and the importance of preserving natural resources.

The visit inspired curiosity and a deeper understanding of earth sciences, leaving students motivated to explore careers in research and innovation. It was an unforgettable learning experience that broadened their horizons.

The UN session

Johnsonians hosted a vibrant and thought-provoking United Nations session simulation, where students stepped into the roles of global leaders and diplomats to discuss pressing international issues. The event aimed to foster global awareness, critical thinking, and diplomatic skills among participants.

Delegates representing various countries debated topics ranging from climate change to sustainable development and international peace. The session witnessed passionate speeches, strategic negotiations, and collaborative solutions, reflecting the students' dedication to understanding global challenges.

This initiative not only enhanced the participants' knowledge of international relations but also emphasized the importance of unity, dialogue, and cooperation in solving global problems. The UN session was a resounding success, inspiring young minds to strive for a better world.

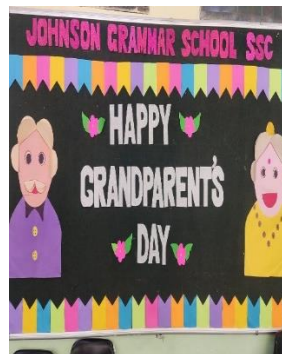

Grandparents' Day

Johnsonians celebrated Grandparents' Day with warmth and affection, honoring the invaluable role grandparents play in our lives. The event was filled with joy as students welcomed their beloved grandparents to a day dedicated entirely to them.

The celebrations included heartfelt speeches, cultural performances, and interactive activities that brought smiles to everyone's faces. Grandparents shared their wisdom and stories, creating a beautiful bond between generations. Special handmade tokens of appreciation for grandparents added a personal touch to the day.

It was a memorable occasion that celebrated the love, guidance, and legacy of grandparents, leaving everyone with cherished memories.

Ganesh Idol Making Activity

The Ganesh Idol Making activity is a creative and eco-friendly initiative aimed at celebrating Ganesh Chaturthi in a sustainable manner. Participants, guided by skilled artisans, craft their own clay idols of Lord Ganesha, promoting the use of natural, biodegradable materials instead of harmful Plaster of Paris.

This hands-on workshop not only encourages creativity and artistic expression but also fosters awareness about the importance of preserving the environment. It's a joyful experience where families, friends, and communities come together to connect with tradition while making a positive impact.

Join us in this meaningful activity to create your own Ganapati idol, imbued with love, devotion, and care for nature!
